Pennsylvania offers a free health insurance counseling program (APPRISE) designed to help older Pennsylvanians with Medicare. Counselors are specially trained staff and volunteers who can answer your questions about Medicare and provide you with objective, easy-to-understand information about Medicare, Medicare Supplemental Insurance, Medicaid, and Long-Term Care Insurance.

If you would like to speak with an APPRISE counselor for a free and confidential consultation, you can call the helpline toll-free at 1-800-783-7067.
