

Manager's Message 5

As we move into winter, I just hope we don't experience the same weather as we did in 2021. The reality is, it's going to be what it's going to be.

One thing we can offer to folks that may be having some difficulty with heat or rent is helping you get some assistance.

There are some programs available that we can direct and help you make application to acquire some funding to get you through the cold winter months.

To contact us call 570-897-6127 and we will do our very best to help keep you sheltered and warm.

If anyone knows of a resident in the military please send me their address, townshipmanager@umbt.org

I want to take this opportunity to wish every resident of Upper Mount Bethel Township a very Merry Christmas and Happy and prosperous New Year.

Remember, "It is always a beautiful day in Upper Mount Bethel Township".
